Sandra lee Fausett is the oldest in her family. When her mom said go play they didn't stay around because if they did they would be put to work. She married my grandpa Fausett they lived in Price up on the hill by Wal-mart they also had a sheep farm up there. she also thinks all candy is good. She also likes to play games. She also has 4 boys 2 girls there all married but one because he just got out of high school. Castle Dale is were she lives today.

She was born in Las Vegas Nevada, to David Shirley Powell and Verla Wittwer Powell on the 17 day of February 1941. She grew up in Wellington, Utah and she played tag and rode bikes and play hide and seek.

Her first date was with Lester Thayn we double date with my cousin and his date we went to the drive in movie in Price. I started to work at 15 washing dishes at Blondies Cafe in wellington. As the oldest child my chores were many but mostly baby sitting my younger brother and sister.

She went to school in Redding California, Idaho ,Wyoming and Utah. That is what she did when she was in school.

She married my Allen Babe Fausett he was the youngest of 9 children. He grew up east of price Utah, Carbon Co.

Camping is the best thing she likes to do in the summer. She likes to go and be with her family. I think that is why she always goes camping is to get away from all the people.

When she got married the history of her grandparents have been handed down from her parents.
