and remedy for torpid liver and all diseases
that come from bad blood.

That one—standing solitary and alone—
sold on trial, is

Dr. Pierce's Golden Medical Discovery.

If it doesn't do good in every case of skin,
scalp and scrofulous disease—and pulmonary
consumption is only lung-scurfula—just let
its makers know and get your money back.
That's cheap, but to back a poor medicine,
or a common one, by selling it on trial, as
"Golden Medical Discovery" is sold, would
bankrupt the largest fortune.

All the year round, you may rely upon Dr.
Pierce's Golden Medical Discovery to purify
the blood and invigorate the system. It's
not like the sarsaparilla, that are said to be
good for the blood in March, April and May.
The "Golden Medical Discovery" works
equally well at all times, and in all cases of
blood-taints, or humors, no matter what their
name or nature.

It's the *cheapest* blood-purifier sold through
druggists, no matter how many hundred doses
are offered for a dollar, because you only pay
for the good you get.

Your money is returned if it doesn't benefit
or cure you.

Can you ask more?

All Dr. Pierce's medicines are sold on this
peculiar plan. The manufacturers take all
the risk by selling them on trial! As no other
medicines are sold, through druggists, on such
liberal and trying terms—if *it's an assault* to your
intelligence for any dealer to attempt to sub-
stitute other medicines for these, by recom-
mending them to be "just as good," only that
he may thereby make a larger profit.

riage a failure? Of
course 'taint; s'pose I
don't know my biz—
what am I here for?"
If the women only
keep healthy they keep
in good spirits and en-
pid is in demand. Let
every enfeebled woman
know this—there's a
remedy that'll cure her,
the proof's positive.

Here's the proof—if it doesn't do you
good within reasonable time, report the fact
to its makers and get your money back
without a word—but you won't do it!

The remedy is Dr. Pierce's Favorite Pre-
scription—and it has proved itself the right
remedy in nearly every case of "female weak-
ness." It is not a miracle. It won't cure
everything—but it has done more to build
up enfeebled and broken-down women than
any other medicine known.

It removes unnatural suppressions and all
distressing and painful irregularities, cures
prolapsus, or falling of the womb, leucorrhœa,
ulceration and kindred ailments.

Don't be persuaded into accepting some
inferior substitute for this—the *only guar-
anteed* remedy for such ailments, under the
pretense that it is "just as good" as "Fa-
vorite Prescription."

Its makers sell it on trial!

It has no rival and no substitute is sold on
such liberal and trying terms.
The reason can easily be guessed.

The makers of Dr. Sage's Catarrh Remedy say—"If we can't cure *you* (make it personal, please), of Catarrh in the Head, in any form or stage, we'll pay you \$500 for your trouble in making the trial."

Now if the conditions were reversed—if they asked you to pay \$500 for a positive cure you might hesitate. Here are reputable men, with years of honorable dealing; thousands of dollars and a great name back of them and they say—"We can cure you because we've cured thousands like you."

"An advertising fake," you say.
Wise men don't put money back of "fakes."

And "faking" doesn't pay.
It takes 1000 people to buy Dr. Sage's Catarrh Remedy, at 50 cents a bottle, to make up \$500.

One failure to cure would take the profit from 4000 sales.

Its makers claim to cure "cold in the head," and even Chronic Catarrh, and if they fail they pay \$500 for their over-confidence—

Not in newspaper words but in *hard cash!*
Think of what confidence it takes, for a responsible house, to put that in the papers—and *mean* it.

They say: "We'll write it down till everybody sees it."

Till everybody is sick of seeing it
Till everybody knows it without seeing it—that Dr. Sage's Catarrh Remedy cures the *worst* cases of Chronic Catarrh in the Head, no matter of how long standing."

Its makers believe in the Remedy. Isn't it worth a trial? Isn't any trial preferable to Catarrh?

headache, bilious headache, dizziness, constipation, indigestion, bilious attacks, and all derangements of the liver, stomach and bowels. It's a large contract, but the smallest things in the world do the business—Dr. Pierce's Pleasant Pellets. They're the smallest, but the most effective. They go to work in the right way. They cleanse and renovate the system thoroughly—but they do it mildly and gently. You feel the good they do—but you don't feel them doing it.

As a Liver Pill, the little Pellets are unequalled. Sugar-coated, easy to take, put up in vials, hermetically sealed, and thus always kept fresh and reliable.

A perfect vest-pocket remedy, and only one necessary for a laxative or *three* for a cathartic.

They're the *cheapest* pills, because they're the only ones, sold by druggists, that are *guaranteed* to give satisfaction, in every case, or your money is returned.

You only pay for the *good* you get.
That's the *peculiar* plan all Dr. Pierce's medicines are sold on.

Therefore, you should accept no substitutes that may be recommended to be "just as good," that the dealer may make a larger profit, for these little Pellets are absolutely the only Liver Pills, possessed of such merit as to *warrant* their sale on *trial!*
Satisfaction *warranted* or money *returned*

blood-purifiers and liver invigorators, stands Dr. Pierce's Golden Medical Discovery.

But it's different from all of them. Whatever is claimed for this, it's *guaranteed* to do. The money is refunded in every case where it fails to benefit or cure. It's because it is different that it can be sold so.

All diseases originating from a torpid liver or impure blood yield to it. It cleanses and purifies the system, freeing it from all manner of blood-poisons, no matter of what name or nature or from what cause they have arisen.

For Dyspepsia, Biliousness, Scrofula, Sores and Ulcers, Salt-rheum, Tetter, Erysipelas, and all Skin and Scalp Diseases, it is an unequalled remedy. Nothing else can take its place.

For all severe or lingering Coughs, Weak Lungs, Spitting of Blood, Short Breath, Asthma, Consumption (which is scrofulous disease of the lungs), Night-sweats, and all bronchial, throat and lung affections, the "Discovery" surpasses all other medicines.

Remember that "Golden Medical Discovery" is not like any other blood and liver medicines in its composition.

It's the *only one* possessed of such rare curative properties as to *warrant* its makers in selling it, as they are doing, through druggists, under a *positive guarantee*. Therefore, accept no substitute, said to be "just as good," that the dealer may make a larger profit.

write Prescription. It builds them up. It's a powerful, restorative tonic, or strength-giver. The entire system is renewed and invigorated.

It improves digestion, enriches the blood, dispels aches and pains, gives refreshing sleep, and restores flesh and strength. As a soothing nerve, it allays and subdues hysteria, spasms, and all the nervous symptoms commonly attendant upon functional and organic disease of the womb.

The "Favorite Prescription" is the only *guaranteed* medicine for women. It does what is promised—or it asks nothing. It gives satisfaction, in every case, or the money paid for it is refunded.

That's the way its makers prove their faith in it. Contains no alcohol to inebriate; no syrup or sugar to derange digestion and cause distress in the stomach; its legitimate *medicine*, not a *beverage*. It cures falling of the womb, leucorrhœa, and all unnatural discharges, ulceration of the womb, and kindred ailments.

Being the *only remedy* for woman's peculiar ailments possessed of such marvelous curative properties as to *warrant* its makers in selling it, as they are doing, through druggists, under a *positive guarantee* of satisfaction in every case, no substitute should be accepted in place of it. There's nothing like "Favorite Prescription" in composition or curative power.

It isn't the usual way—
—it's just the reverse—to pay a patient when you don't cure him. Nevertheless, that's what's done by the printers of Dr. Sage's Cathartic Remedy. They pay you \$100 if they can't cure your catarrh, no matter how bad the case, or of how long standing.

It isn't mere talk—it's business. You can satisfy yourself of it, if you're interested. And you ought to be, if you have catarrh. It's faith in their medicine that's behind the offer. It has cured thousands of the worst cases, where everything else failed.

You can be cured, too. If you can't, you get the money.

There's a risk about it, to be sure. But it's so small that the proprietors are willing to take it.

They're willing to take the risk—you ought to be glad to take the medicine.

The symptoms of catarrh are, headach, obstruction of nose, discharges falling into throat, sometimes profuse, watery, and acid, at others, thick, tenacious, mucous, purulent, bloody, purril, and offensive; eyes weak, itching in ears, deafness; offensive breath; smelly and taste impaired, and general debility.

Only a few of these symptoms are likely to be present at once.

Thousands of cases annually run into Bronchitis and Consumption, and end in the GRAVE.

Take Dr. Sage's Remedy in time.

disorders and chronic weaknesses peculiar to women. They go, with the use of Dr. Pierce's Favorite Prescription. Periodical pains, weak back, bearing-down sensations, nervous prostrations, nervous prostration, all "female complaints" are cured by it. It is purely vegetable and perfectly harmless—a powerful general, as well as uterine, tonic and nerve, imparting vigor and strength to the whole system. It costs you nothing if it fails to give satisfaction. It's *guaranteed* to do so, in every case, or the money is refunded. It *can* be guaranteed—for it *does* it. No other medicine for women is sold on such terms. No ordinary medicine could be.

That's the way its makers prove their faith in it.

For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a regulator and promoter of functional action, at the critical period of change from girlhood to womanhood, "Favorite Prescription" is a perfectly safe remedial agent, and can produce only good results. It is equally efficacious and valuable in its effects when taken for those disorders and derangements incident to that later and most critical period, known as "The Change of Life."

Stomach, and Bowels, after Dr. Pierre's Pleasant Pellets have done their work. It's a healthy movement, too—a *natural* one. The organs are not forced into activity one day, to sink back into a

worse state the next. They cleanse and regulate—mildly and quietly, without wrenching or griping.

After their use you feel well, instead of bilious and constipated; your sick headache, dizziness and indigestion are gone. It's done mildly and easily, too. You don't have to feel worse before you feel better. That is the trouble with the huge, old-fashioned pill. Why not keep up with the nineteenth century? You would not buy a steam engine made like those of a century ago. Then why should you buy the old-fashioned, big, drastic pills that gripe and debilitate your system?

As great improvements have been made in pills as in steam engines. Dr. Pierre's Pleasant Pellets are tiny, sugar-coated granules, or pills, are easiest to take, and never gripe or shock the system. They are purely vegetable and perfectly harmless.

One little Pellet's a laxative, three to four are cathartic. They regulate and cleanse the liver, stomach and bowels—quickly, but thoroughly. They're the *cheapest* pill, sold by druggists, because you only pay for *the good* you get. They're *guaranteed* to give satisfaction, or your money is returned.

Talking of patent medicines—you know the old prejudice. And the doctors—some of them are between you and us. They would like you to think that what's cured thousands won't cure you. You'd believe in patent medicines if they didn't profess to cure *everything*—and so, between the experiments of doctors, and the experiments of patent medicines that are sold only because there's money in the "stuff," you lose faith in *everything*.

And you can't always tell the prescription that cures by what you read in the papers. So, perhaps, there's no better way to sell a remedy, than to tell the truth about it, and take the *risk* of its doing just what it professes to do.

That's what the World's Dispensary Medical Association does with

Dr. Pierre's
Golden Medical Discovery,
Favorite Prescription, and
Pleasant Pellets.

If they don't do what their makers say they'll do—you get your money back.

The people at the World's Dispensary have a stock-taking time once a year and what do you think they do? Count the number of bottles that've been returned by the men and women who say that Dr. Pierre's Golden Medical Discovery or Dr. Pierre's Favorite Prescription didn't do what they said they would do.

And how many do you think they have to count? One in ten? *Not one in five hundred!*

Here are two remedies—one the "Golden Medical Discovery," for regulating and in-

vigorating the liver and stomach and purifying the blood; the other, the hope of weakly womanhood, and they've been sold for years, sold by the million bottles; sold under a *positive guarantee*, and not one in five hundred can say:

"It was not the medicine for me!"

And—is there any reason why you should be the one? And—supposing you are, what do you lose? *Absolutely nothing!*

You've tried Dr. Pierce's Favorite Prescription, or Dr. Pierce's Golden Medical Discovery, have you, and you're disappointed? The results are not *immediate*.

And did you expect the disease of years to disappear in a week? Put a pinch of time in every dose.

You would not call the milk poor because the cream doesn't rise in an hour? If there's no water in it the cream is *sure* to rise. If there's a possible cure, Dr. Pierce's Favorite Prescription, or Dr. Pierce's Golden Medical Discovery, is sure to effect it, if given a *fair trial*.

You get your one dollar it costs back again if it doesn't benefit or cure you.

No other medicine for women, and no other blood-medicine, is sold on these terms. With an ordinary medicine, it can't be done.

That's the way their makers prove their faith in them. They contain no alcohol to inebriate; no syrup or sugar to derange digestion—are legitimate medicines, not beverages.

We wish we could give you the makers' confidence. They show it by giving the money back again, in all cases not benefited, and it'd surprise you to know how few dollars are needed to keep up the refund.

have discomfort and suffering, take Doctor Pierce's Pleasant Pellets, or Anti-Bilious Granules. They're made to assist Nature in her own way—quietly, but thoroughly.

What the old-fashioned pill did formerly, these do mildly and gently. They do more, too. Their effects are lasting; they regulate the system, as well as cleanse and renovate it. One little Pellet's a gentle laxative; three to four act as a cathartic. They're the smallest, cheapest, the easiest to take. Unequaled as a Liver Pill.

Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured by the "Pellets."

They're the *cheapest* pills you can buy, because they're the only pills *guaranteed* to give satisfaction, or your money is returned. You only pay for the *good* you get.

Can you ask more?

It's an *insult* to your intelligence, when a dealer, in order that he may make a larger profit, endeavors to induce you to accept some other pill for these, under the pretense that "it is just as good."

There is *no other pill* possessed of sufficient merit to warrant its makers in selling it on *trial*, as Dr. Pierce's Pellets are sold, and no others are sold on such liberal and trying terms. Therefore, no person should be fooled into *accepting* any substitute for the "Pellets."

Consumption yields to the wonderful effects of Dr. Pierce's Golden Medical Discovery. It won't make new lungs—but it will make diseased ones healthy when nothing else will.

There's reason for it, too. Consumption is Lung-scorfula. For every form of scurfula, and all blood-taints, the "Discovery" is a positive cure. It's the most potent strength-restorer, blood-cleanser, and flesh-builder known to medical science. For Weak Lungs, Spitting of Blood, Bronchitis, Asthma, Catarrh, and all lingering Coughs, it's an unequalled remedy. It's a *guaranteed* one. If it doesn't benefit or cure, you have your money back. You've everything to gain from it—nothing to lose.

It's especially potent in curing Tetter, Salt-rheum, Eczema, Erysipelas, Boils, Carbuncles, Sore Eyes, Goitre, or Thick Neck, and Enlarged Glands, Tumors and Swellings, Fever-sores, Hip-joint Disease, and Old Sores. Great Eating Ulcers rapidly heal under its benign influence.

The "Golden Medical Discovery" is the *Jeepiest* blood-purifier and pectoral, sold by druggists, no matter how many hundred doses may be offered for a dollar, because in buying it you *only pay for the good you get*. If not benefited or cured, your money is returned. Therefore, don't be fooled into accepting any substitute, but insist on having "Golden Medical Discovery."

All on one side—the offer that's made by the proprietors of Dr. Sage's Catarrh Remedy. It's \$500 reward for an incurable case of Catarrh in the Head, no matter how bad, or of how long standing.

They mean what they say; they're responsible, and the offer has been made for years. It's all on *your* side—you lose your catarrh, or you're paid \$500 for keeping it. But it's safe for them, too—they know you'll be cured.

Dr. Sage's Remedy produces perfect and permanent cures of Chronic Catarrh in the Head, as thousands can testify. "Cold in the Head" is cured by a few applications. Catarrhal Headache is relieved and cured as if by magic. It removes offensive breath, loss or impairment of the sense of taste, smell or hearing, watering or weak eyes, and impaired memory, when caused by the violence of Catarrh, as they all frequently are.

Choking, sneezing, hawking, expectorating and every other disagreeable symptom of Catarrh in the Head, are subdued by the use of Dr. Sage's Catarrh Remedy.

By its mild, soothing and healing properties it removes the Catarrh without driving the disease to the lungs, as there is danger of doing in using the various "creams," "balms," snuffs, and other preparations so much advertised. This standard remedy for Catarrh has stood the test of twenty-five years, and thousands upon thousands of permanent cures warrant its sale, through druggists, on the *one-sided* terms given above.

OUR TRADE-MARK STAMP.

To guard the public against imposition, we desire to say that all medicines manufactured, advertised and sold by us bear upon them a fine, steel engraved trade-mark stamp, having the fac-simile signature and portrait of Dr. Pierce upon it, and the words, "Dr. Pierce's Genuine Family Medicine," and also the words "Huffalo and London," both of these phrases being repeated, and the whole appearance being substantially the same as the wood-cut which we insert in connection herewith, for the guidance of our customers. The finely engraved steel print used on the medicine, is, of course, much more clear and perfect than it is possible to print from the wood-cut here used. Goods purporting to be of our manufacture, that do not bear upon them this trade-mark stamp, may safely be pronounced fraudulent, and not of our manufacture. To copy, or even imitate this engraved trade-mark stamp, constitutes a felony, and every person guilty of this infraction of the law, may and all persons thus infringing.

GET THE GENUINE.—Observe the above description of our trade-mark stamp and see that it is found on the outside wrapper of every bottle before purchasing. If you do this you can not be deceived. NEVER ACCEPT some other preparation which may be tipped upon you by an unprincipled dealer, and represented to be just as good as ours, because he makes a larger profit on it than on our medicine. If your druggist is out of our medicine, or does not keep them in stock, send us the money by Postal Order on Buffalo, and we will promptly send the medicine desired by express. — **WORLD'S DISPENSARY MEDICAL ASSOCIATION.**

BEWARE OF SWINDLERS.

No one connected with our institutions ever travels to solicit practice, and all persons representing themselves as formerly or at present in any way connected with our institutions and traveling about soliciting medical practice, are simply swindlers, and should be promptly arrested for fraud upon the public. We have at all times quite enough business to fully occupy our full staff of eighteen physicians and surgeons at home, and our specialists only travel to visit important cases when sent for, at Buffalo or London.

WE HAVE NO BRANCHES, EXCEPT AT No. 8 NEW SQ.,

Neither this Association nor Dr. R. V. Pierce, our President, has any connection with or responsibility for those who are advertising "Dr. Pierce's" So-called, Magnetic, Electric "Trusses," nor have we any confidence in such devices.
